

PREVIEW of Online Questionnaire for Draft NDRI Strategy Consultation

The NDRI Strategy Questionnaire is an online questionnaire which can be accessed from the [Consultation on Draft National Digital Research Infrastructure Strategy](#) website.

This document provides a preview of the questions that respondents are asked in the online questionnaire.

This document is not to be completed.

Please submit your responses through the online questionnaire.

Survey questions

Introduction

The Australian Government's Department of Education (the department) is coordinating the development of a Strategy for Australia's National Digital Research Infrastructure (NDRI) in accordance with recommendation seven of the [2021 National Research Infrastructure Roadmap](#).

The department is now releasing a [Draft NDRI Strategy](#) for public consultation, via this questionnaire. Please read the attached Draft NDRI Strategy prior to answering the following questions.

The department welcomes feedback from NDRI experts, users and other stakeholders, including joint responses from groups/networks. Additional comments may be attached at the end of the questionnaire. Please do not provide any information that could identify other people, or confidential information about any person or organisation in your responses to the open text questions.

Your responses will help inform the final version of the NDRI Strategy. The NDRI Strategy will provide high-level strategic direction that guides investment and supports the [National Collaborative Research Infrastructure Strategy \(NCRIS\)](#) network in growing Australia's NDRI capabilities.

Privacy statement

Your personal information is protected by law, including the Privacy Act 1988 (Cth) (the Privacy Act). Personal information is information or an opinion about an identifiable individual. Personal information includes an individual's name and contact details.

The following questionnaire may collect personal information, including your name and contact details and any other personal information you volunteer about yourself in the free-text fields. Please do not provide any personal information about other people in your responses to the open text questions.

Your personal information is collected by the department, for the purposes of a consultation process into the Draft NDRI Strategy and related purposes.

Your personal information may be used for the purposes of:

- administering the consultation process, including contacting you in relation to your submission,
- informing or contributing to policy development related to the NDRI Strategy,
- developing reports, and
- publishing your submission where you have agreed to that.

If you do not provide your name or your organisation's name, your submission will not be able to be attributed to you or your organisation, and it might not be used for policy development related to the NDRI Strategy. If you do not provide your contact information and there is an issue with your submission, your submission might not be published or used for policy development related to the NDRI Strategy.

Your submission (including any personal information you include in your submission and your name) will be disclosed to third parties with an interest in the NDRI Strategy, including the [National Research Infrastructure Advisory Group](#). If you choose for your response to not be attributed to you, your submission will be deidentified before it is provided to these third parties.

Where you have agreed, your submission (including any personal information you include in your submission and your name, but not your email address), may be published on the department's website, which by its nature may involve disclosure to overseas recipients in any country.

Your personal information will not be used or disclosed for any other purpose unless authorised or required by law. The department's [Privacy Policy](#) contains more information about how the department will manage any of your personal information, including access to, or correct of, your personal information and how you can make a complaint related to your personal information. A copy of the department's [Privacy Policy](#) can be found on the department's website or by requesting a copy from the department via email at privacy@education.gov.au.

Further information on how the department manages your submission can be found on the [Terms and Conditions for public submissions](#) page.

By continuing with your submission, you agree to the above Terms and Conditions.

- I agree

Publication of submissions

Once consultations are finalised, your submission will be made publicly available on the department's website, unless otherwise stipulated. Do you agree for your submission to be published on the department's website and made publicly available?

- Yes, I agree for my submission to be published and attributed to me.
- Yes, I agree for my submission to be published but would like to remain anonymous.
- No, I would not like my submission to be published.

The department may wish to contact you regarding your submission to seek your further views in relation to the NDRI Strategy.

Do you agree to the department contacting you for this reason?

- Yes, I agree to the department contacting me to seek my further views regarding the NDRI Strategy.
- No, I do not agree to the department contacting me to seek my further views regarding the NDRI Strategy.

Personal information

The following information is being collected by the department to identify the submitter of this form. If you chose to remain anonymous, this information will not be published online. If you have agreed to your submission being published and attributed to you, your name and/or your organisation's name will be published online.

- Name of individual or organisation
- Email address

NDRI Strategy Section-specific Responses

Please provide your view on the following statements.

Vision for future NDRI ecosystem A user-centric design (outlined in the "Vision for future NDRI ecosystem" section) is an appropriate foundation for Australia's NDRI ecosystem over the next 10-15 years.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Vision for future NDRI ecosystem" section of the Draft NDRI Strategy? Max 1000 characters.

Outcomes

The six Outcomes (identified in the "Outcomes" section) adequately capture the priority features of an Australian NDRI ecosystem that will meet the Vision (described in the "Vision for future NDRI ecosystem" section).

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Outcomes" section of the Draft NDRI Strategy? Max 1000 characters.

Challenges

The identified Challenges (outlined under the headings for Outcome 1 to 6) adequately describe the major issues facing the Australian NDRI ecosystem over the next 10-15 years.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the identified Challenges? Max 1000 characters.

Outcome 1. Underpinned by training frameworks for researchers and NRI workforce

The content in the "Underpinned by training frameworks for researchers and NRI workforce" section adequately presents the high-level information expected for this section of the NDRI Strategy.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Underpinned by training frameworks for researchers and NRI workforce" section? Max 1000 characters.

Outcome 2. Responsive to disruptive technological and societal shifts

The content in the "Responsive to disruptive technological and societal shifts" section adequately presents the high-level information expected for this section of the NDRI Strategy.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Responsive to disruptive technological and societal shifts" section? Max 1000 characters.

Outcome 3. Consistent in its standards for data collection, curation and access

The content in the "Consistent in its standards for data collection, curation and access" section adequately presents the high-level information expected for this section of the NDRI Strategy.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Consistent in its standards for data collection, curation and access" section? Max 1000 characters.

Outcome 4. Integrated across levels of computing and data

The content in the "Integrated across levels of computing and data" section adequately presents the high-level information expected for this section of the NDRI Strategy.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Integrated across levels of computing and data" section? Max 1000 characters.

Outcome 5. Cybersecure, particularly for national-scale data and computing

The content in the "Cybersecure, particularly for national-scale data and computing" section adequately presents the high-level information expected for this section of the NDRI Strategy.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Cybersecure, particularly for national-scale data and computing" section? Max 1000 characters.

Outcome 6. Maximised by openly available research software tools

The content in the "Maximised by openly available research software tools" section adequately presents the high-level information expected for this section of the NDRI Strategy.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Do you have any additional comments relating to the "Maximised by openly available research software tools" section? Max 1000 characters.

NDRI Strategy Overall Response

Overall, the presented NDRI Strategy will help shape a future Australian NDRI ecosystem that meets the rapidly growing demands of researchers and other users for increasingly complex digital tools and services.

- Strongly agree
- Agree
- Neutral
- Disagree
- Strongly disagree

Please write any additional comments or feedback that you may have relating to NDRI Strategy overall. Max 1000 characters.
