Atherton	Yes
Herberton	No
Kuranda	No
Malanda - Yungaburra	No
Mareeba	No

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** 2.9

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** 3.7

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** 3.2

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

2 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.4%	-1.0%	Yes
Population size above minimum threshold	11,600	3,000	Yes
Population size below maximum threshold	11,600	50,000	Yes
Year 10 completions above minimum threshold	86.1%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.0%
2 Proportion of population enrolled in VET (2021)		8%
3 Average growth in HE enrolments (2017-21)		-3%
4 Average growth in VET enrolments (2017-21)	Access and participation	-1%
5 Proportion of Indigenous population enrolled in HE (2021)		2%
6 Proportion of Indigenous population enrolled in VET (2021)		22%
7 Proportion of population with a tertiary qualification (2021)		18%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9 Proportion of HE students that complete within 3 years (2018 cohort)		62%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	34%
11 Average VET completion rate (2017-19)		33%
12 Average VET completion rate for Indigenous learners (2017-21)		73%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		80%
14 Proportion of HE graduates gaining employment (2018-21)		77%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	77%
16 Proportion of HE graduating into relevant employment (2018-2021)		67%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	145
2 Total VET enrolments (Cert IV above and online) (2021)		41
3 Population (aged 15-64) (2021)	Direct latent demand	6,623
4 Population growth (2017-2022)		1.4%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	513
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		167
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	24,894
8 Broader SA3 population growth (2017-22)		0.9%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. \* Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

### REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.1**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

#### Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 3 readiness issue/s identified. Total number of regions is 597.**

**Needs volume score** **1.4**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.6**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

### READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

3 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-2.9%	-1.0%	No
Population size above minimum threshold	1,100	3,000	No
Population size below maximum threshold	1,100	50,000	Yes
Year 10 completions above minimum threshold	63.3%	75.0%	No
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	165	40	Yes

### WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

### NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.1%
2 Proportion of population enrolled in VET (2021)		3%
3 Average growth in HE enrolments (2017-21)		17%
4 Average growth in VET enrolments (2017-21)	Access and participation	8%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	1%
6 Proportion of Indigenous population enrolled in VET (2021)		6%
7 Proportion of population with a tertiary qualification (2021)		4%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)	experience	47%
12 Average VET completion rate for Indigenous learners (2017-21)		80%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		88%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	91%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	79%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	23
2 Total VET enrolments (Cert IV above and online) (2021)	demand	1
3 Population (aged 15-64) (2021)	Direct latent demand	781
4 Population growth (2017-2022)	demand	-2.9%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	501
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	92
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	21,277
8 Broader SA3 population growth (2017-22)	demand	-0.7%

### Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

### Additional notes:

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.9**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.**

**Needs volume score** **2.8**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.8**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**2 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.2%	-1.0%	Yes
Population size above minimum threshold	4,300	3,000	Yes
Population size below maximum threshold	4,300	50,000	Yes
Year 10 completions above minimum threshold	84.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

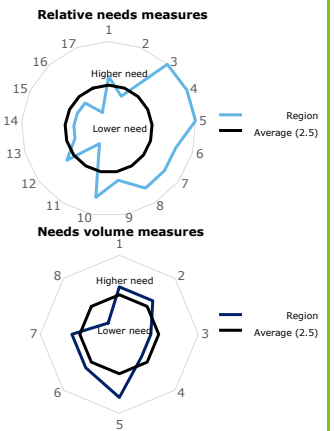

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.2%
2 Proportion of population enrolled in VET (2021)		8%
3 Average growth in HE enrolments (2017-21)		5%
4 Average growth in VET enrolments (2017-21)	Access and participation	9%
5 Proportion of Indigenous population enrolled in HE (2021)		1%
6 Proportion of Indigenous population enrolled in VET (2021)		13%
7 Proportion of population with a tertiary qualification (2021)		15%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9 Proportion of HE students that complete within 3 years (2018 cohort)		56%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	29%
11 Average VET completion rate (2017-19)		42%
12 Average VET completion rate for Indigenous learners (2017-21)		76%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		83%
14 Proportion of HE graduates gaining employment (2018-21)		85%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	90%
16 Proportion of HE graduating into relevant employment (2018-2021)		78%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	53
2 Total VET enrolments (Cert IV above and online) (2021)		20
3 Population (aged 15-64) (2021)	Direct latent demand	2,723
4 Population growth (2017-2022)		-0.2%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	725
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		183
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	27,294
8 Broader SA3 population growth (2017-22)		-0.1%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.1**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **2.5**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 155 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>

Landsborough	No
Maroochy Hinterland	No

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.8**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **4.0**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.2**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.9%	-1.0%	Yes
Population size above minimum threshold	9,300	3,000	Yes
Population size below maximum threshold	9,300	50,000	Yes
Year 10 completions above minimum threshold	88.7%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	18	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		3.4%
2 Proportion of population enrolled in VET (2021)		8%
3 Average growth in HE enrolments (2017-21)		-4%
4 Average growth in VET enrolments (2017-21)		1%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	5%
6 Proportion of Indigenous population enrolled in VET (2021)		18%
7 Proportion of population with a tertiary qualification (2021)		19%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		4
9 Proportion of HE students that complete within 3 years (2018 cohort)		60%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	33%
11 Average VET completion rate (2017-19)		43%
12 Average VET completion rate for Indigenous learners (2017-21)		66%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		83%
14 Proportion of HE graduates gaining employment (2018-21)		56%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	71%
16 Proportion of HE graduating into relevant employment (2018-2021)		64%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	119
2 Total VET enrolments (Cert IV above and online) (2021)		42
3 Population (aged 15-64) (2021)	Direct latent demand	5,624
4 Population growth (2017-2022)		1.9%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	503
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		189
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	28,804
8 Broader SA3 population growth (2017-22)		3.1%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. \* Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.6**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.5**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.6**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	2.5%	-1.0%	Yes
Population size above minimum threshold	20,600	3,000	Yes
Population size below maximum threshold	20,600	50,000	Yes
Year 10 completions above minimum threshold	84.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	17	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.8%
2 Proportion of population enrolled in VET (2021)		5%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)		2%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	2%
6 Proportion of Indigenous population enrolled in VET (2021)		11%
7 Proportion of population with a tertiary qualification (2021)		21%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9 Proportion of HE students that complete within 3 years (2018 cohort)		64%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	33%
11 Average VET completion rate (2017-19)		50%
12 Average VET completion rate for Indigenous learners (2017-21)		76%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		80%
14 Proportion of HE graduates gaining employment (2018-21)		51%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	66%
16 Proportion of HE graduating into relevant employment (2018-2021)		62%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current	122
2 Total VET enrolments (Cert IV above and online) (2021)	demand	55
3 Population (aged 15-64) (2021)	Direct latent	9,284
4 Population growth (2017-2022)	demand	2.5%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current	122
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	55
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent	9,284
8 Broader SA3 population growth (2017-22)	demand	2.5%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024."

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.3**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.5**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.4**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	2.5%	-1.0%	Yes
Population size above minimum threshold	10,600	3,000	Yes
Population size below maximum threshold	10,600	50,000	Yes
Year 10 completions above minimum threshold	83.3%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	10	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		0.7%
2 Proportion of population enrolled in VET (2021)		7%
3 Average growth in HE enrolments (2017-21)		-3%
4 Average growth in VET enrolments (2017-21)		-2%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	1%
6 Proportion of Indigenous population enrolled in VET (2021)		17%
7 Proportion of population with a tertiary qualification (2021)		14%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		70%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	39%
11 Average VET completion rate (2017-19)		51%
12 Average VET completion rate for Indigenous learners (2017-21)		79%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		67%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	77%
16 Proportion of HE graduating into relevant employment (2018-2021)		70%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	38
2 Total VET enrolments (Cert IV above and online) (2021)		41
3 Population (aged 15-64) (2021)	Direct latent demand	5,621
4 Population growth (2017-2022)		2.5%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	437
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		164
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	26,888
8 Broader SA3 population growth (2017-22)		1.3%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.7**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.1**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.8**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

2 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.6%	-1.0%	Yes
Population size above minimum threshold	7,800	3,000	Yes
Population size below maximum threshold	7,800	50,000	Yes
Year 10 completions above minimum threshold	82.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.5%
2 Proportion of population enrolled in VET (2021)		7%
3 Average growth in HE enrolments (2017-21)		-1%
4 Average growth in VET enrolments (2017-21)	Access and participation	11%
5 Proportion of Indigenous population enrolled in HE (2021)		1%
6 Proportion of Indigenous population enrolled in VET (2021)		15%
7 Proportion of population with a tertiary qualification (2021)		11%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		60%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	41%
11 Average VET completion rate (2017-19)		35%
12 Average VET completion rate for Indigenous learners (2017-21)		71%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		85%
14 Proportion of HE graduates gaining employment (2018-21)		90%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	94%
16 Proportion of HE graduating into relevant employment (2018-2021)		77%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current	163
2 Total VET enrolments (Cert IV above and online) (2021)	demand	24
3 Population (aged 15-64) (2021)	Direct latent	5,052
4 Population growth (2017-2022)	demand	0.6%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current	501
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	92
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent	21,277
8 Broader SA3 population growth (2017-22)	demand	-0.7%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.9**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **2.4**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.8**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 199 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.2%	-1.0%	Yes
Population size above minimum threshold	4,900	3,000	Yes
Population size below maximum threshold	4,900	50,000	Yes
Year 10 completions above minimum threshold	78.9%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes

Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.8%
2 Proportion of population enrolled in VET (2021)		10%
3 Average growth in HE enrolments (2017-21)		-1%
4 Average growth in VET enrolments (2017-21)	Access and participation	2%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	1%
6 Proportion of Indigenous population enrolled in VET (2021)		23%
7 Proportion of population with a tertiary qualification (2021)		14%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)	experience	39%
12 Average VET completion rate for Indigenous learners (2017-21)		71%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		75%
14 Proportion of HE graduates gaining employment (2018-21)	Transition and outcomes	93%
15 Proportion of HE graduates continuing further study (2018-21)	outcomes	93%
16 Proportion of HE graduating into relevant employment (2018-2021)		72%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	51
2 Total VET enrolments (Cert IV above and online) (2021)		23
3 Population (aged 15-64) (2021)	Direct latent demand	2,502
4 Population growth (2017-2022)		-1.5%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	195
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		64
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	10,723
8 Broader SA3 population growth (2017-22)		-0.2%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.2%	-1.0%	Yes
Population size above minimum threshold	8,000	3,000	Yes
Population size below maximum threshold	8,000	50,000	Yes
Year 10 completions above minimum threshold	81.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	100	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

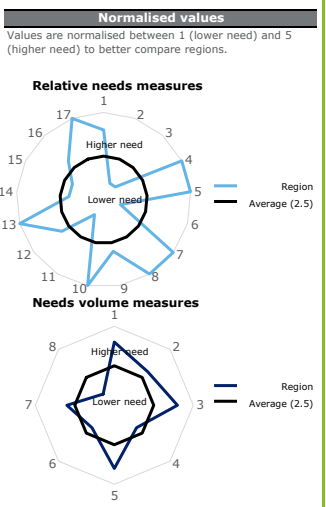

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.0%
2 Proportion of population enrolled in VET (2021)		10%
3 Average growth in HE enrolments (2017-21)		-3%
4 Average growth in VET enrolments (2017-21)		18%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	1%
6 Proportion of Indigenous population enrolled in VET (2021)		26%

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.8**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.7**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.1**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

2 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.0%	-1.0%	Yes
Population size above minimum threshold	8,800	3,000	Yes
Population size below maximum threshold	8,800	50,000	Yes
Year 10 completions above minimum threshold	85.9%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value

11 Average VET completion rate (2017-19)	experience	39%
12 Average VET completion rate for Indigenous learners (2017-21)		69%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		74%
14 Proportion of HE graduates gaining employment (2018-21)		80%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	86%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	75%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	71
2 Total VET enrolments (Cert IV above and online) (2021)	demand	17
3 Population (aged 15-64) (2021)	Direct latent demand	2,921
4 Population growth (2017-2022)	demand	0.6%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	583
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	125
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	23,487
8 Broader SA3 population growth (2017-22)	demand	0.6%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.3**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **2.4**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 136 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	2.8%	-1.0%	Yes
Population size above minimum threshold	3,900	3,000	Yes
Population size below maximum threshold	3,900	50,000	Yes
Year 10 completions above minimum threshold	84.6%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	185	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		0.5%
2 Proportion of population enrolled in VET (2021)		5%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)	Access and participation	20%
5 Proportion of Indigenous population enrolled in HE (2021)		0%
6 Proportion of Indigenous population enrolled in VET (2021)		9%
7 Proportion of population with a tertiary qualification (2021)		9%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)		49%
12 Average VET completion rate for Indigenous learners (2017-21)		75%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		91%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	91%
16 Proportion of HE graduating into relevant employment (2018-2021)		76%

12 Average VET completion rate for Indigenous learners (2017-21)		64%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		88%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	91%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	79%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	0
2 Total VET enrolments (Cert IV above and online) (2021)	demand	2
3 Population (aged 15-64) (2021)	Direct latent demand	624
4 Population growth (2017-2022)	demand	-1.7%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	501
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	92
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	21,277
8 Broader SA3 population growth (2017-22)	demand	-0.7%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.2**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 141 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**Needs volume score** **2.6**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.8%	-1.0%	Yes
Population size above minimum threshold	6,700	3,000	Yes
Population size below maximum threshold	6,700	50,000	Yes
Year 10 completions above minimum threshold	87.5%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	87	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.8%
2 Proportion of population enrolled in VET (2021)		8%
3 Average growth in HE enrolments (2017-21)		-4%
4 Average growth in VET enrolments (2017-21)	Access and participation	6%
5 Proportion of Indigenous population enrolled in HE (2021)		1%
6 Proportion of Indigenous population enrolled in VET (2021)		25%
7 Proportion of population with a tertiary qualification (2021)		16%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		64%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	41%
11 Average VET completion rate (2017-19)		26%
12 Average VET completion rate for Indigenous learners (2017-21)		73%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		77%
14 Proportion of HE graduates gaining employment (2018-21)		69%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	80%
16 Proportion of HE graduating into relevant employment (2018-2021)		100%

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

### REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

#### Relative needs score

**3.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

#### Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 178 of 235 regions with no readiness issues identified. Total number of regions is 597.**

#### Needs volume score

**2.5**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

#### Overall needs score

**2.9**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

#### READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.2%	-1.0%	Yes
Population size above minimum threshold	3,700	3,000	Yes
Population size below maximum threshold	3,700	50,000	Yes
Year 10 completions above minimum threshold	84.0%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	139	40	Yes

#### WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

#### NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure		Theme	Value
1	Proportion of population enrolled in HE (2021)		4.2%
2	Proportion of population enrolled in VET (2021)		4%
3	Average growth in HE enrolments (2017-21)		-3%
4	Average growth in VET enrolments (2017-21)		4%
5	Proportion of Indigenous population enrolled in HE (2021)	Access and participation	4%
6	Proportion of Indigenous population enrolled in VET (2021)		11%
7	Proportion of population with a tertiary qualification (2021)		10%
8	Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9	Proportion of HE students that complete within 3 years (2018 cohort)		55%
10	Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	36%
11	Average VET completion rate (2017-19)		30%
12	Average VET completion rate for Indigenous learners (2017-21)		67%
13	Proportion of HE graduates satisfied with overall experience (2017-21)		73%
14	Proportion of HE graduates gaining employment (2018-21)		82%
15	Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	88%
16	Proportion of HE graduating into relevant employment (2018-2021)		73%

16 Proportion of HE graduating into relevant employment (2018-2021)		78%
17 Average growth in higher skilled labour demand (2015-22)		2%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	227
2 Total VET enrolments (Cert IV above and online) (2021)		99
3 Population (aged 15-64) (2021)	Direct latent demand	9,541
4 Population growth (2017-2022)		1.0%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	347
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		154
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	19,249
8 Broader SA3 population growth (2017-22)		-0.2%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **1.6**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **1.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **1.5**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 4 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

4 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.0%	-1.0%	Yes
Population size above minimum threshold	0	3,000	No
Population size below maximum threshold	0	50,000	Yes
Year 10 completions above minimum threshold	0.0%	75.0%	No
Existing RUC or university campus in region <sup>4</sup>	0	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	13	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		100.0%
2 Proportion of population enrolled in VET (2021)		100%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)	Access and participation	0%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	100%
6 Proportion of Indigenous population enrolled in VET (2021)		100%
7 Proportion of population with a tertiary qualification (2021)		100%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		0
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)	experience	0%
12 Average VET completion rate for Indigenous learners (2017-21)		0%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		100%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	100%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	100%
17 Average growth in higher skilled labour demand (2015-22)		0%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current	0
2 Total VET enrolments (Cert IV above and online) (2021)	demand	0

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. \* Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

## REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

### Relative needs score **3.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

#### Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 163 of 235 regions with no readiness issues identified. Total number of regions is 597.**

### Needs volume score **2.7**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

### Overall needs score **2.9**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

## READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.5%	-1.0%	Yes
Population size above minimum threshold	5,100	3,000	Yes
Population size below maximum threshold	5,100	50,000	Yes
Year 10 completions above minimum threshold	81.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	51	40	Yes

## WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

## NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.7%
2 Proportion of population enrolled in VET (2021)		7%
3 Average growth in HE enrolments (2017-21)		-2%
4 Average growth in VET enrolments (2017-21)		-4%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	2%
6 Proportion of Indigenous population enrolled in VET (2021)		7%
7 Proportion of population with a tertiary qualification (2021)		17%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		79%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	24%
11 Average VET completion rate (2017-19)		31%
12 Average VET completion rate for Indigenous learners (2017-21)		58%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		61%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	75%
16 Proportion of HE graduating into relevant employment (2018-2021)		66%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	34
2 Total VET enrolments (Cert IV above and online) (2021)		19
3 Population (aged 15-64) (2021)	Direct latent demand	2,760

6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	64
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	10,723
8 Broader SA3 population growth (2017-22)	demand	-0.2%

Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

Additional notes:

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Needs ranking**  
Regions that do not have any readiness issues identified are then ranked by the overall needs score.  
**Ranked 210 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.7%	-1.0%	Yes
Population size above minimum threshold	6,400	3,000	Yes
Population size below maximum threshold	6,400	50,000	Yes
Year 10 completions above minimum threshold	80.6%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	109	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

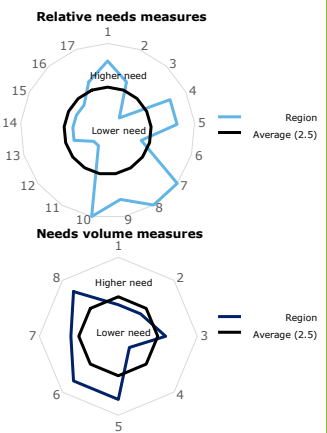

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.6%
2 Proportion of population enrolled in VET (2021)		6%
3 Average growth in HE enrolments (2017-21)		-4%
4 Average growth in VET enrolments (2017-21)	Access and participation	5%
5 Proportion of Indigenous population enrolled in HE (2021)		1%
6 Proportion of Indigenous population enrolled in VET (2021)		19%
7 Proportion of population with a tertiary qualification (2021)		13%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		61%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	34%
11 Average VET completion rate (2017-19)		19%
12 Average VET completion rate for Indigenous learners (2017-21)		61%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		88%
14 Proportion of HE graduates gaining employment (2018-21)		82%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	88%
16 Proportion of HE graduating into relevant employment (2018-2021)		73%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	49

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.9**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 147 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.7**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.8**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

2 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.5%	-1.0%	Yes
Population size above minimum threshold	6,200	3,000	Yes
Population size below maximum threshold	6,200	50,000	Yes
Year 10 completions above minimum threshold	86.2%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

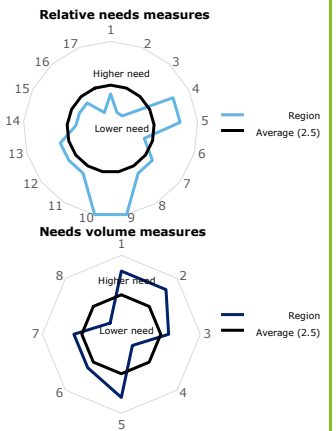

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.8%
2 Proportion of population enrolled in VET (2021)		9%
3 Average growth in HE enrolments (2017-21)		-3%
4 Average growth in VET enrolments (2017-21)	Access and participation	5%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	1%
6 Proportion of Indigenous population enrolled in VET (2021)		19%
7 Proportion of population with a tertiary qualification (2021)		16%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		4
9 Proportion of HE students that complete within 3 years (2018 cohort)		67%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	35%
11 Average VET completion rate (2017-19)	experience	56%
12 Average VET completion rate for Indigenous learners (2017-21)		76%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		81%
14 Proportion of HE graduates gaining employment (2018-21)		79%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	87%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	78%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current	111
2 Total VET enrolments (Cert IV above and online) (2021)	demand	40
3 Population (aged 15-64) (2021)	Direct latent	3,763
4 Population growth (2017-2022)	demand	-0.5%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current	725
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	183
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent	27,294
8 Broader SA3 population growth (2017-22)	demand	-0.1%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.9**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**Needs volume score** **3.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	2.7%	-1.0%	Yes
Population size above minimum threshold	7,600	3,000	Yes
Population size below maximum threshold	7,600	50,000	Yes
Year 10 completions above minimum threshold	85.5%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	4	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		100.0%
2 Proportion of population enrolled in VET (2021)		5%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)	Access and participation	-5%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	100%
6 Proportion of Indigenous population enrolled in VET (2021)		11%
7 Proportion of population with a tertiary qualification (2021)		16%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)	experience	44%
12 Average VET completion rate for Indigenous learners (2017-21)		72%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)	Transition and outcomes	60%
15 Proportion of HE graduates continuing further study (2018-21)	outcomes	70%
16 Proportion of HE graduating into relevant employment (2018-2021)		64%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	0
2 Total VET enrolments (Cert IV above and online) (2021)	demand	19
3 Population (aged 15-64) (2021)	Direct latent demand	4,400
4 Population growth (2017-2022)	demand	2.7%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	912
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	152
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	30,922
8 Broader SA3 population growth (2017-22)	demand	1.4%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Needs ranking**  
Regions that do not have any readiness issues identified are then ranked by the overall needs score.  
**Ranked 200 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**  
These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.3%	-1.0%	Yes
Population size above minimum threshold	6,500	3,000	Yes
Population size below maximum threshold	6,500	50,000	Yes
Year 10 completions above minimum threshold	84.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	102	40	Yes

**WEIGHTINGS**  
Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

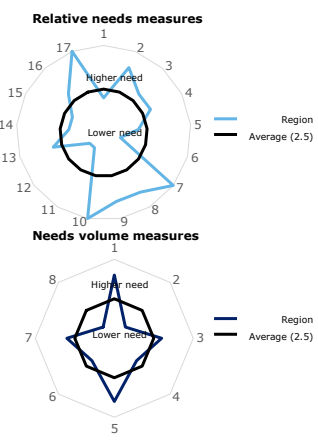

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.6%
2 Proportion of population enrolled in VET (2021)		6%
3 Average growth in HE enrolments (2017-21)		-1%
4 Average growth in VET enrolments (2017-21)		1%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	3%
6 Proportion of Indigenous population enrolled in VET (2021)		38%
7 Proportion of population with a tertiary qualification (2021)		13%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9 Proportion of HE students that complete within 3 years (2018 cohort)		57%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	37%
11 Average VET completion rate (2017-19)		19%
12 Average VET completion rate for Indigenous learners (2017-21)		56%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		80%
14 Proportion of HE graduates gaining employment (2018-21)		80%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	85%
16 Proportion of HE graduating into relevant employment (2018-2021)		73%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	105
2 Total VET enrolments (Cert IV above and online) (2021)		8
3 Population (aged 15-64) (2021)	Direct latent demand	3,613
4 Population growth (2017-2022)		0.3%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	667
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		97
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	24,321
8 Broader SA3 population growth (2017-22)		-0.4%

Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 161 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**Needs volume score** **2.7**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.9**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.2%	-1.0%	Yes

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. \* Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

### REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

#### Relative needs score **3.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

#### Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.**

#### Needs volume score **2.8**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

#### Overall needs score **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

### READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**2 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.5%	-1.0%	Yes
Population size above minimum threshold	9,300	3,000	Yes
Population size below maximum threshold	9,300	50,000	Yes
Year 10 completions above minimum threshold	81.6%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

### WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

### NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.0%
2 Proportion of population enrolled in VET (2021)		8%
3 Average growth in HE enrolments (2017-21)		1%
4 Average growth in VET enrolments (2017-21)		11%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	1%
6 Proportion of Indigenous population enrolled in VET (2021)		22%
7 Proportion of population with a tertiary qualification (2021)		14%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		63%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	31%
11 Average VET completion rate (2017-19)		24%
12 Average VET completion rate for Indigenous learners (2017-21)		69%

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

Relative needs score **2.1**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.

Needs volume score **2.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

Overall needs score **2.1**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

1 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	5.1%	-1.0%	Yes
Population size above minimum threshold	4,600	3,000	Yes
Population size below maximum threshold	4,600	50,000	Yes
Year 10 completions above minimum threshold	86.7%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	22	40	No

WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

NEEDS MEASURES

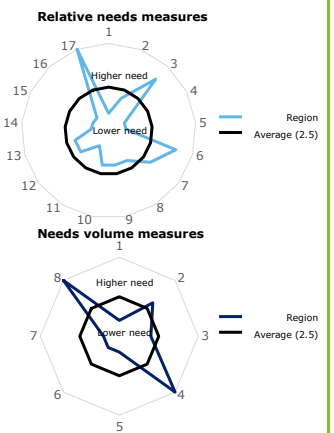

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		100.0%
2 Proportion of population enrolled in VET (2021)		7%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)	Access and participation	-4%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	100%
6 Proportion of Indigenous population enrolled in VET (2021)		12%
7 Proportion of population with a tertiary qualification (2021)		17%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		5
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)	experience	40%
12 Average VET completion rate for Indigenous learners (2017-21)		64%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		100%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	100%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	100%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	0
2 Total VET enrolments (Cert IV above and online) (2021)	demand	23
3 Population (aged 15-64) (2021)	Direct latent demand	2,985
4 Population growth (2017-2022)	demand	5.1%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	0
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	23
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	2,985
8 Broader SA3 population growth (2017-22)	demand	5.1%

Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

Additional notes:

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

Population size above minimum threshold	5,800	3,000	Yes
Population size below maximum threshold	5,800	50,000	Yes
Year 10 completions above minimum threshold	85.9%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	62	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.9%
2 Proportion of population enrolled in VET (2021)		6%
3 Average growth in HE enrolments (2017-21)		-5%
4 Average growth in VET enrolments (2017-21)	Access and participation	-2%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	3%
6 Proportion of Indigenous population enrolled in VET (2021)		9%
7 Proportion of population with a tertiary qualification (2021)		16%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		75%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	31%
11 Average VET completion rate (2017-19)	experience	46%
12 Average VET completion rate for Indigenous learners (2017-21)		65%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		82%
14 Proportion of HE graduates gaining employment (2018-21)		58%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	72%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	100%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current	53
2 Total VET enrolments (Cert IV above and online) (2021)	demand	19
3 Population (aged 15-64) (2021)	Direct latent	3,556
4 Population growth (2017-2022)	demand	1.0%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current	148
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	42
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent	9,652
8 Broader SA3 population growth (2017-22)	demand	1.9%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.9**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 190 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**Needs volume score** **2.6**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.8**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.5%	-1.0%	Yes
Population size above minimum threshold	3,800	3,000	Yes
Population size below maximum threshold	3,800	50,000	Yes
Year 10 completions above minimum threshold	83.3%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	47	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.6%
2 Proportion of population enrolled in VET (2021)		9%
3 Average growth in HE enrolments (2017-21)		-2%
4 Average growth in VET enrolments (2017-21)	Access and participation	3%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	2%
6 Proportion of Indigenous population enrolled in VET (2021)		17%
7 Proportion of population with a tertiary qualification (2021)		16%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		65%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	37%
11 Average VET completion rate (2017-19)	experience	42%
12 Average VET completion rate for Indigenous learners (2017-21)		70%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		77%
14 Proportion of HE graduates gaining employment (2018-21)		88%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	95%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	73%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current	176
2 Total VET enrolments (Cert IV above and online) (2021)	demand	74
3 Population (aged 15-64) (2021)	Direct latent demand	6,218
4 Population growth (2017-2022)	demand	0.6%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current	657
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	202
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	28,345
8 Broader SA3 population growth (2017-22)	demand	1.2%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Needs ranking**  
Regions that do not have any readiness issues identified are then ranked by the overall needs score.  
**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

1 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.1%	-1.0%	Yes
Population size above minimum threshold	1,700	3,000	No
Population size below maximum threshold	1,700	50,000	Yes
Year 10 completions above minimum threshold	79.5%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	177	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

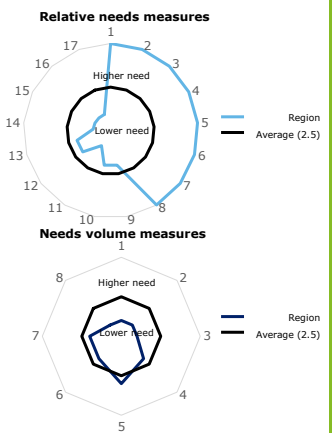

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.4%
2 Proportion of population enrolled in VET (2021)		5%
3 Average growth in HE enrolments (2017-21)		17%
4 Average growth in VET enrolments (2017-21)	Access and participation	11%
5 Proportion of Indigenous population enrolled in HE (2021)		0%
6 Proportion of Indigenous population enrolled in VET (2021)		9%
7 Proportion of population with a tertiary qualification (2021)		4%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)		33%
12 Average VET completion rate for Indigenous learners (2017-21)		63%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		88%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	91%
16 Proportion of HE graduating into relevant employment (2018-2021)		79%

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**Needs volume score** **2.8**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.2%	-1.0%	Yes
Population size above minimum threshold	4,800	3,000	Yes
Population size below maximum threshold	4,800	50,000	Yes
Year 10 completions above minimum threshold	91.2%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	15	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

4 Average growth in VET enrolments (2017-21)		3%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	2%
6 Proportion of Indigenous population enrolled in VET (2021)		18%
7 Proportion of population with a tertiary qualification (2021)		14%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		61%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	28%
11 Average VET completion rate (2017-19)		44%
12 Average VET completion rate for Indigenous learners (2017-21)		69%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		77%
14 Proportion of HE graduates gaining employment (2018-21)		61%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	77%
16 Proportion of HE graduating into relevant employment (2018-2021)		70%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	244
2 Total VET enrolments (Cert IV above and online) (2021)		81
3 Population (aged 15-64) (2021)	Direct latent demand	13,214
4 Population growth (2017-2022)		1.5%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	567
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		225
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	41,619
8 Broader SA3 population growth (2017-22)		1.3%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.3**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.**

**Needs volume score** **1.9**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.2**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored from highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

2 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.3%	-1.0%	Yes
Population size above minimum threshold	3,600	3,000	Yes
Population size below maximum threshold	3,600	50,000	Yes
Year 10 completions above minimum threshold	86.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		2.3%
2 Proportion of population enrolled in VET (2021)		10%
3 Average growth in HE enrolments (2017-21)		-1%
4 Average growth in VET enrolments (2017-21)	Access and participation	10%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	0%
6 Proportion of Indigenous population enrolled in VET (2021)		25%
7 Proportion of population with a tertiary qualification (2021)		18%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		5
9 Proportion of HE students that complete within 3 years (2018 cohort)		53%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	28%
11 Average VET completion rate (2017-19)	experience	31%
12 Average VET completion rate for Indigenous learners (2017-21)		71%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		80%
14 Proportion of HE graduates gaining employment (2018-21)	Transition and outcomes	93%
15 Proportion of HE graduates continuing further study (2018-21)	outcomes	93%
16 Proportion of HE graduating into relevant employment (2018-2021)		72%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	56
2 Total VET enrolments (Cert IV above and online) (2021)	demand	9
3 Population (aged 15-64) (2021)	Direct latent demand	2,327
4 Population growth (2017-2022)	demand	0.3%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	195
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	64
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	10,723
8 Broader SA3 population growth (2017-22)	demand	-0.2%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.

Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.9%
2 Proportion of population enrolled in VET (2021)		6%
3 Average growth in HE enrolments (2017-21)		-1%
4 Average growth in VET enrolments (2017-21)	Access and participation	-3%
5 Proportion of Indigenous population enrolled in HE (2021)		3%
6 Proportion of Indigenous population enrolled in VET (2021)		13%
7 Proportion of population with a tertiary qualification (2021)		22%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		4
9 Proportion of HE students that complete within 3 years (2018 cohort)		65%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	38%
11 Average VET completion rate (2017-19)		30%
12 Average VET completion rate for Indigenous learners (2017-21)		74%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		77%
14 Proportion of HE graduates gaining employment (2018-21)		74%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	79%
16 Proportion of HE graduating into relevant employment (2018-2021)		67%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	90
2 Total VET enrolments (Cert IV above and online) (2021)		35
3 Population (aged 15-64) (2021)	Direct latent demand	5,052
4 Population growth (2017-2022)		1.2%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	513
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		167
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	24,894
8 Broader SA3 population growth (2017-22)		0.9%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.7**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.7**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.0**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

1 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.1%	-1.0%	Yes
Population size above minimum threshold	11,800	3,000	Yes
Population size below maximum threshold	11,800	50,000	Yes
Year 10 completions above minimum threshold	82.4%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	20	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

Relative needs score **3.2**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.

Needs volume score **4.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

Overall needs score **3.5**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

1 initial readiness issues identified

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		0.1%
2 Proportion of population enrolled in VET (2021)		7%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)		-4%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	0%
6 Proportion of Indigenous population enrolled in VET (2021)		15%
7 Proportion of population with a tertiary qualification (2021)		13%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)		48%
12 Average VET completion rate for Indigenous learners (2017-21)		76%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		67%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	77%
16 Proportion of HE graduating into relevant employment (2018-2021)		70%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	1
2 Total VET enrolments (Cert IV above and online) (2021)		31
3 Population (aged 15-64) (2021)	Direct latent demand	5,431
4 Population growth (2017-2022)		3.0%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	437
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		164
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	26,888
8 Broader SA3 population growth (2017-22)		1.3%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Needs ranking**  
Regions that do not have any readiness issues identified are then ranked by the overall needs score.  
**Ranked 218 of 235 regions with no readiness issues identified. Total number of regions is 597.**

READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.3%	-1.0%	Yes
Population size above minimum threshold	4,200	3,000	Yes
Population size below maximum threshold	4,200	50,000	Yes
Year 10 completions above minimum threshold	86.0%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	77	40	Yes

WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.6**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **2.0**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.4**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 229 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

### REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

#### Relative needs score **2.6**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

#### Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 225 of 235 regions with no readiness issues identified. Total number of regions is 597.**

#### Needs volume score **2.3**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

#### Overall needs score **2.5**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

### READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.6%	-1.0%	Yes
Population size above minimum threshold	3,700	3,000	Yes
Population size below maximum threshold	3,700	50,000	Yes
Year 10 completions above minimum threshold	79.4%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	134	40	Yes

### WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%

4 Average growth in VET enrolments (2017-21)	Access and participation	5%
5 Proportion of Indigenous population enrolled in HE (2021)		2%
6 Proportion of Indigenous population enrolled in VET (2021)		22%
7 Proportion of population with a tertiary qualification (2021)		13%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		6
9 Proportion of HE students that complete within 3 years (2018 cohort)		74%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	38%
11 Average VET completion rate (2017-19)		44%
12 Average VET completion rate for Indigenous learners (2017-21)		67%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		76%
14 Proportion of HE graduates gaining employment (2018-21)		97%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	97%
16 Proportion of HE graduating into relevant employment (2018-2021)		78%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	134
2 Total VET enrolments (Cert IV above and online) (2021)		61
3 Population (aged 15-64) (2021)	Direct latent demand	6,846
4 Population growth (2017-2022)		1.4%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	375
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		193
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	24,405
8 Broader SA3 population growth (2017-22)		1.6%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **1.0**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **1.7**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 3 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

3 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-3.0%	-1.0%	No
Population size above minimum threshold	300	3,000	No
Population size below maximum threshold	300	50,000	Yes
Year 10 completions above minimum threshold	94.2%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	39	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.3%
2 Proportion of population enrolled in VET (2021)		12%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)		-3%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	4%
6 Proportion of Indigenous population enrolled in VET (2021)		56%
7 Proportion of population with a tertiary qualification (2021)		20%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		7
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)		53%
12 Average VET completion rate for Indigenous learners (2017-21)		0%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		100%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	100%
16 Proportion of HE graduating into relevant employment (2018-2021)		100%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	3

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. \* Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

### REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

#### Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 91 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**Needs volume score** **3.8**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.2**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

### READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.9%	-1.0%	Yes
Population size above minimum threshold	10,000	3,000	Yes
Population size below maximum threshold	10,000	50,000	Yes
Year 10 completions above minimum threshold	78.9%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	86	40	Yes

### WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

### NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.1%
2 Proportion of population enrolled in VET (2021)		7%
3 Average growth in HE enrolments (2017-21)		-7%
4 Average growth in VET enrolments (2017-21)	Access and participation	8%
5 Proportion of Indigenous population enrolled in HE (2021)		2%
6 Proportion of Indigenous population enrolled in VET (2021)		16%
7 Proportion of population with a tertiary qualification (2021)		12%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		51%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	31%
11 Average VET completion rate (2017-19)		36%
12 Average VET completion rate for Indigenous learners (2017-21)		79%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		80%
14 Proportion of HE graduates gaining employment (2018-21)		82%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	88%
16 Proportion of HE graduating into relevant employment (2018-2021)		73%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	87
2 Total VET enrolments (Cert IV above and online) (2021)		28
3 Population (aged 15-64) (2021)	Direct latent demand	5,408
4 Population growth (2017-2022)		0.9%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	657
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		202
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	28,345
8 Broader SA3 population growth (2017-22)		1.2%

### Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

### Additional notes:

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS DASHBOARD**

*Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled "Scoping study to inform future locations for Regional University Centres" delivered to the Australian Government Department of Education, Skills and Employment on November 2021. Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.*

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.7**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **4.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.1**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.8%	-1.0%	Yes
Population size above minimum threshold	24,200	3,000	Yes
Population size below maximum threshold	24,200	50,000	Yes
Year 10 completions above minimum threshold	91.3%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	31	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		4.6%
2 Proportion of population enrolled in VET (2021)		6%
3 Average growth in HE enrolments (2017-21)		-3%
4 Average growth in VET enrolments (2017-21)		2%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	6%
6 Proportion of Indigenous population enrolled in VET (2021)		17%
7 Proportion of population with a tertiary qualification (2021)		26%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		6
9 Proportion of HE students that complete within 3 years (2018 cohort)		68%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	34%
11 Average VET completion rate (2017-19)		37%
12 Average VET completion rate for Indigenous learners (2017-21)		67%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		83%
14 Proportion of HE graduates gaining employment (2018-21)		55%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	65%
16 Proportion of HE graduating into relevant employment (2018-2021)		57%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	374
2 Total VET enrolments (Cert IV above and online) (2021)		87
3 Population (aged 15-64) (2021)	Direct latent demand	14,512
4 Population growth (2017-2022)		1.8%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	374
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		87
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	14,512
8 Broader SA3 population growth (2017-22)		1.8%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.

5 Broader SA3 HE enrolments (online) (2021)	Indirect current	477
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	115
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent	20,646
8 Broader SA3 population growth (2017-22)	demand	0.8%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

Relative needs score **2.6**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

Needs volume score **1.4**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

Overall needs score **2.2**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored from highest need (5) and lowest need (1).

Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.

READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

1 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.3%	-1.0%	Yes
Population size above minimum threshold	2,800	3,000	No
Population size below maximum threshold	2,800	50,000	Yes
Year 10 completions above minimum threshold	91.0%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	366	40	Yes

WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.0%
2 Proportion of population enrolled in VET (2021)		9%
3 Average growth in HE enrolments (2017-21)		3%
4 Average growth in VET enrolments (2017-21)	Access and participation	23%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	0%
6 Proportion of Indigenous population enrolled in VET (2021)		18%
7 Proportion of population with a tertiary qualification (2021)		9%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)	experience	26%
12 Average VET completion rate for Indigenous learners (2017-21)		65%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		88%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	91%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	79%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	19
2 Total VET enrolments (Cert IV above and online) (2021)	demand	7
3 Population (aged 15-64) (2021)	Direct latent demand	1,684
4 Population growth (2017-2022)	demand	-0.3%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	501
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	92
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	21,277
8 Broader SA3 population growth (2017-22)	demand	-0.7%

Normalised values

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

### REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

#### Relative needs score

**3.0**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

#### Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

#### Needs volume score

**2.6**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

#### Overall needs score

**2.9**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

#### READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.7%	-1.0%	Yes
Population size above minimum threshold	5,600	3,000	Yes
Population size below maximum threshold	5,600	50,000	Yes
Year 10 completions above minimum threshold	94.1%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	38	40	No

#### WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

#### NEEDS MEASURES

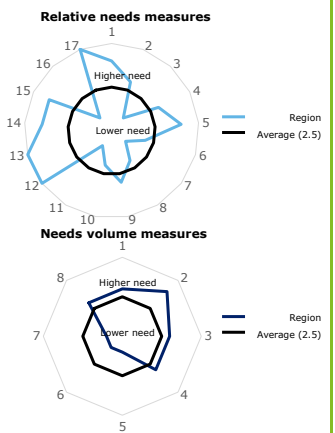

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.7%

7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	7,846
8 Broader SA3 population growth (2017-22)		0.8%

#### Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

#### Additional notes:

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.6**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **4.5**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.2**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 3 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

3 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.0%	-1.0%	Yes
Population size above minimum threshold	121,400	3,000	Yes
Population size below maximum threshold	121,400	50,000	No
Year 10 completions above minimum threshold	84.9%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		3.3%
2 Proportion of population enrolled in VET (2021)		9%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)		-1%
5 Proportion of Indigenous population enrolled in HE (2021)	Access and participation	3%
6 Proportion of Indigenous population enrolled in VET (2021)		21%
7 Proportion of population with a tertiary qualification (2021)		17%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9 Proportion of HE students that complete within 3 years (2018 cohort)		64%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and participation	33%
11 Average VET completion rate (2017-19)	experience	40%
12 Average VET completion rate for Indigenous learners (2017-21)		65%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		77%
14 Proportion of HE graduates gaining employment (2018-21)		78%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	84%
16 Proportion of HE graduating into relevant employment (2018-2021)		74%
17 Average growth in higher skilled labour demand (2015-22)		2%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	475
2 Total VET enrolments (Cert IV above and online) (2021)		566
3 Population (aged 15-64) (2021)	Direct latent demand	75,991
4 Population growth (2017-2022)		1.0%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	475
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		566
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	75,991
8 Broader SA3 population growth (2017-22)		1.0%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

Relative needs score **2.8**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

Needs volume score **3.1**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

Overall needs score **2.9**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

Has no ranking with 2 readiness issue/s identified. Total number of regions is 597.

READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

2 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.5%	-1.0%	Yes
Population size above minimum threshold	6,000	3,000	Yes
Population size below maximum threshold	6,000	50,000	Yes
Year 10 completions above minimum threshold	84.0%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	Yes	No	No
Nearest campus above minimum distance threshold (km) <sup>5</sup>	0	40	No

WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%

9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS DASHBOARD**

*Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled "Scoping study to inform future locations for Regional University Centres" delivered to the Australian Government Department of Education, Skills and Employment on November 2021. Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.*

4. Population growth (2017-2022)		4.0%
5. Broader SA3 HE enrolments (online) (2021)	Indirect current demand	567
6. Broader SA3 VET enrolments (Cert IV above and online) (2021)		225
7. Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	41,619
8. Broader SA3 population growth (2017-22)		1.3%

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS DASHBOARD**

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.6**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **2.3**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.5**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.6%	-1.0%	Yes
Population size above minimum threshold	4,400	3,000	Yes
Population size below maximum threshold	4,400	50,000	Yes
Year 10 completions above minimum threshold	85.4%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	22	40	No

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		0.8%
2 Proportion of population enrolled in VET (2021)		7%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)	Access and participation	5%
5 Proportion of Indigenous population enrolled in HE (2021)		1%
6 Proportion of Indigenous population enrolled in VET (2021)		15%
7 Proportion of population with a tertiary qualification (2021)		17%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		3
9 Proportion of HE students that complete within 3 years (2018 cohort)		0%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	0%
11 Average VET completion rate (2017-19)		40%
12 Average VET completion rate for Indigenous learners (2017-21)		64%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		100%
14 Proportion of HE graduates gaining employment (2018-21)		80%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	86%
16 Proportion of HE graduating into relevant employment (2018-2021)		75%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	17
2 Total VET enrolments (Cert IV above and online) (2021)		12
3 Population (aged 15-64) (2021)	Direct latent demand	2,536
4 Population growth (2017-2022)		0.6%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	583
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)		125
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	23,487
8 Broader SA3 population growth (2017-22)		0.6%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.

7 Broader SA3 population (aged 15-64) (2021)	Indirect latent	23,487
8 Broader SA3 population growth (2017-22)	demand	0.6%

**Normalised values**

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

1. Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
2. Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
3. Met? - Whether or not a region meets a readiness threshold.
4. Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
5. Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
6. Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
7. Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
8. SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
9. This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.3**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 232 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**Needs volume score** **2.5**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **2.4**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-0.7%	-1.0%	Yes
Population size above minimum threshold	5,300	3,000	Yes
Population size below maximum threshold	5,300	50,000	Yes
Year 10 completions above minimum threshold	82.2%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	48	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		3.0%
2 Proportion of population enrolled in VET (2021)		8%
3 Average growth in HE enrolments (2017-21)		0%
4 Average growth in VET enrolments (2017-21)	Access and participation	8%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	3%
6 Proportion of Indigenous population enrolled in VET (2021)		28%
7 Proportion of population with a tertiary qualification (2021)		17%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		1
9 Proportion of HE students that complete within 3 years (2018 cohort)		55%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	31%
11 Average VET completion rate (2017-19)	experience	24%
12 Average VET completion rate for Indigenous learners (2017-21)		67%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		81%
14 Proportion of HE graduates gaining employment (2018-21)		80%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	86%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	75%
17 Average growth in higher skilled labour demand (2015-22)		1%

Needs volume measures	Theme	Value

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

Relative needs score **2.8**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

Needs volume score **2.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

Overall needs score **2.6**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.

READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

1 initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	-1.4%	-1.0%	No
Population size above minimum threshold	3,900	3,000	Yes
Population size below maximum threshold	3,900	50,000	Yes
Year 10 completions above minimum threshold	80.0%	75.0%	Yes

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **3.1**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **4.5**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.5**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Has no ranking with 1 readiness issue/s identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

**1 initial readiness issues identified**

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.4%	-1.0%	Yes
Population size above minimum threshold	162,000	3,000	Yes
Population size below maximum threshold	162,000	50,000	No
Year 10 completions above minimum threshold	87.4%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	74	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

**Relative needs measure**

Theme	Value

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	1116
2 Total VET enrolments (Cert IV above and online) (2021)	demand	754
3 Population (aged 15-64) (2021)	Direct latent demand	128,277
4 Population growth (2017-2022)	demand	0.5%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current demand	1116
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	754
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	128,277
8 Broader SA3 population growth (2017-22)	demand	0.5%

#### Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

#### Additional notes:

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

REGIONAL NEEDS RESULTS

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

Relative needs score **3.1**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

Needs volume score **3.2**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

Overall needs score **3.1**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

Needs ranking

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

Ranked 116 of 235 regions with no readiness issues identified. Total number of regions is 597.

READINESS THRESHOLD

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	0.6%	-1.0%	Yes
Population size above minimum threshold	11,000	3,000	Yes
Population size below maximum threshold	11,000	50,000	Yes
Year 10 completions above minimum threshold	85.8%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	68	40	Yes

WEIGHTINGS

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

NEEDS MEASURES

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.2%
2 Proportion of population enrolled in VET (2021)		6%
3 Average growth in HE enrolments (2017-21)		-9%
4 Average growth in VET enrolments (2017-21)	Access and participation	7%
5 Proportion of Indigenous population enrolled in HE (2021)		1%
6 Proportion of Indigenous population enrolled in VET (2021)		16%
7 Proportion of population with a tertiary qualification (2021)		15%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		2
9 Proportion of HE students that complete within 3 years (2018 cohort)		51%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	28%
11 Average VET completion rate (2017-19)		37%
12 Average VET completion rate for Indigenous learners (2017-21)		76%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		81%
14 Proportion of HE graduates gaining employment (2018-21)		80%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	82%
16 Proportion of HE graduating into relevant employment (2018-2021)		74%
17 Average growth in higher skilled labour demand (2015-22)		5%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current	94
2 Total VET enrolments (Cert IV above and online) (2021)	demand	33
3 Population (aged 15-64) (2021)	Direct latent	6,516
4 Population growth (2017-2022)	demand	0.6%
5 Broader SA3 HE enrolments (online) (2021)	Indirect current	382
6 Broader SA3 VET enrolments (Cert IV above and online) (2021)	demand	93
7 Broader SA3 population (aged 15-64) (2021)	Indirect latent	21,198
8 Broader SA3 population growth (2017-22)	demand	0.2%

Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

Additional notes:

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.

# REGIONAL NEEDS DASHBOARD

Original DAE note: "This dashboard is intended as an initial and preliminary assessment of the relative needs of a region for a Regional University Centre. It accompanies a report titled 'Scoping study to inform future locations for Regional University Centres' delivered to the Australian Government Department of Education, Skills and Employment on November 2021. Department of Education Integrated Data Analytics team has updated data inputs, delivered to Regional Policy team June 2024.

7 Broader SA3 population (aged 15-64) (2021)	Indirect latent demand	21,277
8 Broader SA3 population growth (2017-22)		-0.7%

Normalised values

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

Additional notes:

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.

**REGIONAL NEEDS RESULTS**

Summary of the key needs results, including the relative scoring of this region to all assessed regions. The overall score is a function of the 'relative needs' and 'needs volume' of a region. All regions receive an overall needs score, however, regions with an identified readiness threshold issue do not receive a ranking.

**Relative needs score** **2.9**

An assessment to determine the relative extent of a community's underrepresentation in access to and achievement of positive tertiary outcomes. Regions are assessed from largest relative need (5) to smallest relative need (1).

**Needs volume score** **3.8**

An assessment of total need or demand (i.e. volume) for Centre services within the region. Regions are assessed from largest volume (5) to smallest volume (1).

**Overall needs score** **3.2**

A weighted average of relative needs and needs volume to determine the overall needs score and ranking of a region. Regions are scored between highest need (5) and lowest need (1).

**Needs ranking**

Regions that do not have any readiness issues identified are then ranked by the overall needs score.

**Ranked 100 of 235 regions with no readiness issues identified. Total number of regions is 597.**

**READINESS THRESHOLD**

These factors inform the initial threshold considerations for the level of readiness for a community to establish a RUC, and the likelihood of success if a RUC is established.

No initial readiness issues identified

Measure	Value	Threshold <sup>2</sup>	Met? <sup>3</sup>
Population growth above minimum threshold	1.7%	-1.0%	Yes
Population size above minimum threshold	23,400	3,000	Yes
Population size below maximum threshold	23,400	50,000	Yes
Year 10 completions above minimum threshold	89.7%	75.0%	Yes
Existing RUC or university campus in region <sup>4</sup>	No	No	Yes
Nearest campus above minimum distance threshold (km) <sup>5</sup>	237	40	Yes

**WEIGHTINGS**

Weightings have been applied to the relative needs measures and overall needs scores.

Relative needs weightings <sup>6</sup>	
Access and participation	40%
Retention and experience	40%
Transition and outcomes	20%

Overall needs weightings <sup>7</sup>	
Relative needs	70%
Needs volume	30%

**NEEDS MEASURES**

The specific measures used to determine the overall needs score and ranking. Values for each measure are normalised between 1 (lower need) to 5 (higher need) to support comparisons between regions and aggregating multiple measures. The radar charts (right) present the normalised values for each measure; scores below average (inside the black circle) represent lower levels of needs, whereas scores above average (outside the black circle) represent higher levels of need.

Relative needs measure	Theme	Value
1 Proportion of population enrolled in HE (2021)		1.4%
2 Proportion of population enrolled in VET (2021)		8%
3 Average growth in HE enrolments (2017-21)		-9%
4 Average growth in VET enrolments (2017-21)	Access and participation	6%
5 Proportion of Indigenous population enrolled in HE (2021)	participation	1%
6 Proportion of Indigenous population enrolled in VET (2021)		15%
7 Proportion of population with a tertiary qualification (2021)		19%
8 Level of disadvantage (SEIFA deciles, where 1 = most disadvantaged) (2021)		4
9 Proportion of HE students that complete within 3 years (2018 cohort)		66%
10 Proportion of HE students that unenrol within 4 years (2018 cohort)	Retention and experience	40%
11 Average VET completion rate (2017-19)	experience	36%
12 Average VET completion rate for Indigenous learners (2017-21)		70%
13 Proportion of HE graduates satisfied with overall experience (2017-21)		84%
14 Proportion of HE graduates gaining employment (2018-21)		74%
15 Proportion of HE graduates continuing further study (2018-21)	Transition and outcomes	80%
16 Proportion of HE graduating into relevant employment (2018-2021)	outcomes	70%
17 Average growth in higher skilled labour demand (2015-22)		3%

Needs volume measures	Theme	Value
1 Total HE enrolments (online) (2021)	Direct current demand	142
2 Total VET enrolments (Cert IV above and online) (2021)		110
3 Population (aged 15-64) (2021)	Direct latent demand	15,955

Values are normalised between 1 (lower need) and 5 (higher need) to better compare regions.

**Additional notes:**

- Region types are either 'SA2', 'Custom SA2' or 'SA3'. The different groupings are required to better reflect economic regions and compare geographic locations.
- Threshold - the level set for each readiness threshold measure that a region must pass in order to be considered in-scope for a Centre.
- Met? - Whether or not a region meets a readiness threshold.
- Campus - an existing campus is defined as either being an existing RUC campus or a higher education institution that offers over 5 subjects and has more than 100 full time students.
- Minimum distance - defined as the minimum distance in km between the region and an SA2 region with an existing university campus or RUC.
- Relative needs weightings - the weighting that is applied to the combined score of relative needs measures corresponding to their relevant indicator.
- Overall needs weightings - the weighting that is applied to all volume measures and all relative needs measures when calculating the overall needs score.
- SA3 population - the population of the broader SA3 region, excluding any metropolitan sub-areas.
- This table captures all the regions within the broader SA3 region (excluding any metropolitan sub-areas). 'In-scope' indicates whether a location is included in the dashboard analysis.
