(c) Measure is based on a geocoded SA1 (Statistical Area 1).

(d) First Address measures are based on a student's permanent home address at the commencement of study.

(e) All Regional and Remote data are based on a student's permanent home address postcode. Regional and Remote categories are derived from MCEETYA until 2010 and the ASGS from 2011.

The number of students from a Non English speaking background has been revised for 2017 and earlier years, due to the exclusion of a small number of students who do not speak a language other than English at home.
