

Dear Authority

This is Md minhag UDDIN. It's noticed me that HECS will be named by HELP(Higher Education Loan Program). It's payable a latter date once individual meets an income threshold by this time each year total amount of HELP will be increase in-line with inflation(interest). As a Muslim we can't go with interest, on the other hand as a Australian Citizen we need to get opportunity to higher study for nation and society.

So, its will be helpful for Muslim community if interest reconsidered. As a nation we want go ahead together. Please reconsidered interest before its become a law.

Regards

Md Minhag Uddin
