Curriculum and assessment

1. Access to visit and engage with universities. Needs better subsidies as travel and accommodation is cost prohibitive for parents and schools but vitally important in deciding whether to even go to uni.

2. Travel subsidy. Going anywhere is expensive for sport, excursions etc

Lower incomes in regional and rural areas makes this even harder.

3. Subject offerings in small schools in senior secondary is limited. Free or nominal amounts for DE or boarding would help.

School and Community

Family and community are very large factors. Where their friends go and community expectations matters. In rural areas where tertiary education among adults is lower the role modelling from community and values of importance is significant.
