## Additional Comments

When established schools have housing developments go up around them, consideration must be given to the needs of the schools and the impact on them. Our school has gone from being a semi-rural to a suburban school, yet footpaths and road surfaces are not upgraded at the school or the existing properties immediately surrounding the school. Due to the increased traffic, this results in an unsafe physical environment for our students and families as they come and go and school. The school should not have to provide the funds for these improvements.
