Hello,

Thank you for the opportunity to make a submission to this important video. As I discussed with a member of your team on the phone tonight, the Melbourne Graduate School of Education (MGSE) Learning Intervention team have prepared a video submission. This video file is approximately 700mb so it unfortunately will not upload via your portal. On the advice of your very friend staff I have provided links below to a copy of this video on YouTube and a MP4 file that can be download via my OneDrive.

MGSE video submission file download via OneDrive:  [Melbourne Graduate School of Education - DSE Review Video Submission.mp4](#)

Thank you for this opportunity and if you have any issues please let me know.

Kind regards

Matthew
