Q6. 1 - What do you see as the key priorities for a new Australian strategy for international education? [limit to 500 words]

There are several key priorities. Main should be the increase of new international student enrolments. The rules and regulations must be altered to expect more entrance. The security of student health must be monitored by the government due to the pandemic situation.

Q7. 2 - Students should be at the centre of the new Strategy. How can Australian education providers deliver the best possible student experience both now and in the future? [limit to 500 words]

The programs which can be conducted online should be more energized and creative. However, the students who are willing to experience the new environment in Australia should get the chance to attend the particular universities in Australia.

Q8. 3 - What changes are needed to make Australia more globally competitive over the next decade? [limit to 500 words]

The credit system of the modules of the degree programs must be more reliable as many of the students are trying to settle down in Australia. If the international students settle down in Australia(after completing), it will be very important to the expansion of the industries and the Australian economy.

Q22. 3.1 - Policy and regulatory flexibility are important in enabling providers to innovate. How can we utilise these settings to pursue opportunities, and in what other ways can we work together to ensure Australia remains globally competitive? [limit to 500 words]

As the pandemic situation, it would be better if the government monitor the health security of the international students engaged with the education providers.

Q21.
4 - How can providers, governments and stakeholders work together to achieve diversification opportunities (for example of disciplines, source countries, study destinations and delivery models)? [limit to 500 words]

Q9.
5 - What are the necessary skills for the future that students should be prepared for? [limit to 500 words]

The education system should be engage with more practical basis activities.

Q10.

5.1 - How can Australia improve employability outcomes for international students, ensuring students have the necessary the skills to compete in a globally competitive labour market? [limit to 500 words]

The industry should be supply more chance to enter the students and gain the industrial experience.

Q11.

6 - How do we create a uniquely Australian education experience? [limit to 500 words]

The online education should be more standard which are allowed by the higher education department. The credit system should be more reliable with the upcoming global situations.

Q12.

6.1 - What is our value proposition for both international and domestic students? [limit to 500 words]

Q13.

6.2 - How do we offer an Australian education experience while complementing the value of Australian offshore and online education? [limit to 500 words]

Most of the students like to complete the degree programs in Australia to experience a new education system. Therefore, it will be better if the encouragement and the opportunities increase.

Q14.

7 - What else should the Council for International Education and the Australian Government consider in developing a new strategy? [limit to 500 words]

Q15.

8 - Do you have any additional comments or feedback to share?

I am an Engineering undergraduate student. I have completed my diploma level(2 years) of the degree program. I wish to know whether i can participate in an Australian university and complete my degree.
